Re: Petitioner's Comments
Cedarville, California
MB Docket No. 04-387

Dear Ms. Dortch,

Enclosed is an original and four (4) copies of Petitioner's Comments in support of his Petition for Rule Making to amend the FM Table of Allotments to add Channel 260A at Cedarville, California.

Respectfully Submitted,

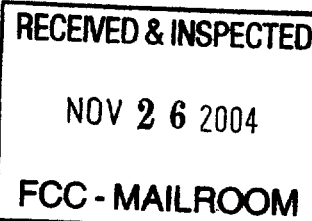

Jeffrey Cotton
Rt. 60-5b
Lake City, CA 96115
530-279-6262

No. of Copies rec'd

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, DC 20554

In the Matter of)
)
Amendment of Section 73.202(b),) MB Docket No. 04-387
Table of Allotments,) RM-11083
FM Broadcast Stations)
(Cedarville, California))

To: Chief, Allocations Branch
Audio Division
Media Bureau

COMMENTS

1. Jeffrey Cotton hereby submits his supporting comments in MB Docket No. 04-387, in which he has proposed that the Commission to amend the FM Table of Allotments to add Channel 260A at Cedarville, California, as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Cedarville, CA	- - -	260A

2. Petitioner respectfully submits that the public interest would be served by allocating Channel 260A to Cedarville as the first local service at that community. The community has a permanent population of about 850 persons, and serves as an economic and social hub for the entire Surprise Valley.

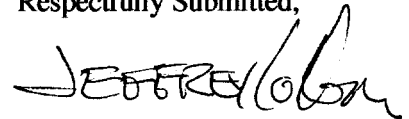

3. In the Notice of Proposed Rulemaking released on October 8, 2004, the Commission requested that the Petitioner submit documentation to demonstrate that Cedarville is a community for allotment purposes. Official notice should be taken of the extensive description of the Cedarville community attributes as described in the Petition for Rulemaking.

4. In addition, the attached Exhibit A presents material which documents the objective indications of community status, including the existence of social, economic, commercial, cultural, public service organizations that serve the community.

5. The Commission has previously approved the allotment of FM channels to small, unincorporated communities, which nevertheless have proven their viability as communities for allotment purposes. See Cal-Nev-Ari, Boulder City, and Las Vegas, Nevada, MM Docket No. 93-279, 14 FCC Rcd 17153 (1990).

6. The allotment of an FM channel to Cedarville will also provide an important source of community and emergency information for the residents of the community, as well as for all the residents of the Surprise Valley, in this geologically-active region of northern California. With the Warner Mountains to the west, and the Hays Canyon Range to the east, other radio signals are generally blocked from penetrating the Surprise Valley.
7. In sum, Cedarville is a separate, licensable community of sufficient size and development to warrant its own radio station, and such action would serve the public interest.
8. Should this petition be granted and Channel 260A be allotted at Cedarville, Petitioner will file an application for Channel 260A. If that application is granted, Petitioner will promptly construct the new facility.
9. The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "JEFFREY COTTON", with a stylized flourish at the end.

Jeffrey Cotton
Rt. 60-5b
Lake City, CA 96115
530-279-6262

EXHIBIT A

CEDARVILLE

Originally called Deep Creek, Cedarville was a camping place for wagon trains settled about 1864. William Cressler and John Bonner were running a trading post by 1867; this historical building stands today in Cedarville Park. These men were instrumental in developing Cedarville. Cressler and Bonner built the first road over Cedar Pass, which connects Surprise Valley to Alturas and the rest of Modoc County. By 1880 Cedarville's population was 220 and was the largest town in the valley. Historic buildings still line

Main Street, housing many of the community's businesses. Tourists may also visit Louieville, a collection of refurbished pioneer buildings from the valley, on display at the Modoc County fairgrounds.

CEO: Traci Green

We invite you to visit Modoc County--the land of wide-open spaces, unspoiled mountain wilderness, and unlimited recreation! The people of Modoc are friendly, and the area is rich in history, wildlife, recreation, tourist activities, and unparalleled scenic beauty. Our fairgrounds, in Surprise Valley within the community of Cedarville, lies at the base of the majestic Warner Mountains and the Modoc National Forest. Welcome to the last frontier! Take advantage of our superior facilities for your next visit to Modoc.

FACILITIES

***RV, Trailer, and Tent Camping:** 78 acres of open sites...restrooms, electricity, dump station, picnic area, showers & water available April to October...\$10/night for RVs and trailers (100 hookups), \$7/night for tents, and \$15/night for horse stalls.

***Arena/Race Track:** Our full size competition arena hosts a variety of events including rodeos, auto racing, and equestrian events; our grandstands seat over 2000 spectators. The horse barns accommodate 106 animals, and are stoutly built for your horse's safety. These facilities also

offer easy access to water faucets, restrooms with showers, and parking for trucks and trailers. The barn and arena area is completely fenced and gated within the fairgrounds for added security. The race track length is 3/10 mile; there is ample parking for a large number of vehicles and trailers immediately adjacent to the track. Many rodeos and ranchers' competitions have been held here; the arena facility includes bucking chutes, corrals, and an announcer's booth.

***Additional Facilities:**

Dance Hall...Dance Barn...Reception, Banquet, and Meeting Rooms...Kitchen...BBQ and Picnic Area...Restrooms and Showers...3 Concession Stands...Historical Louieville...Rabbit & Poultry Barn...Sheep, Swine & Goat Barn...Beef Barn...Scales...Bull Pens...Baseball Field...Tennis Court...Horseshoe Pitching Pit...Parking Lots...Wintertime Storage for Rvs, Trailers, Boats, Cars & Trucks.

[BACK](#)

RECREATION

Surprise Valley and the surrounding areas offer an amazing variety of recreational activities. Bird watchers have many opportunities to see a wide variety of species, including Sandhill Cranes and Bald Eagles. Excellent fishing is found in the many creeks and lakes from the Oregon border to the south beyond Eagleville. Game is also abundant, including Mule Deer and Canadian Geese. Campgrounds may be found in Modoc National Forest and the South Warner Wilderness for backpackers, horseback riders, and pack trips. Cedar Pass Ski Hill is open seasonally on weekends and holidays for both downhill and cross country skiers.

Thousands of acres of public forest and desert land are available for horseback riding. Land sailing takes place on the dry lake beds in the center of the valley. Rock hounding is a very popular activity in this region; petrified wood, opalite, jasper, and plant fossils may be observed. Hang gliding is suitable from the Warner Mountains to the east over the valley.

[BACK](#)

CLIMATE AND GEOGRAPHY

At an average elevation of 4,700 feet, the valley is approximately 70 miles long and averages 10 miles

wide. About 1,500 people reside in the valley. Average precipitation varies from 12 to 16 inches, with average accumulated snow depth of 18 inches or less in winter. Mean temperatures range from 30 degrees in winter to 71 degrees in summer. The growing season is from 100 to 130 days. The Warner Mountains border the valley to the west, and the Hays Canyon Range lies to the east in Nevada.

[BACK](#)

ECONOMY

Agriculture has been the mainstay of the Surprise Valley economy, and cattle ranching and alfalfa hay production are still the leading enterprises. Tourism is a developing industry for this area, as more people discover the wonderful variety of natural resources and recreational activities in this remote part of California.

[BACK](#)

WILDLIFE

One of our most valuable natural resources in Surprise Valley is the wonderful diversity of wildlife. Among the local species are: Mule Deer, Bald and Golden Eagles, Pronghorns, Coyotes, Mountain Lions, Bobcats, Beavers, Bighorn Sheep, Badgers, wild burros and horses, marmots, foxes, hawks, cranes, geese, ducks, herons, pheasant, quail, doves, Chukar, and Sage Grouse.

[BACK](#)

SURPRISE VALLEY HISTORY

Prehistoric

The unchanged character of the land in this region conveys a sense of timelessness, but the evidence of the prehistoric past is still here to find. The beach lines of the

Ice Age lakes etched on the slopes high above the present valley floor remind us that 12,000 years ago huge deep lakes existed here. Large prehistoric Ice Age animals such as mammoths, camels, sloths, giant bison, and cave bears roamed this land. The climate was much cooler and wetter then, and the land was covered with mountain forests, grasslands, and marsh. Sometime between 10,000 and 12,000 years ago, the

first people arrived to hunt the bison and other game. This temperate climate lasted only a few thousand years.

Approximately 7,000 years ago, the climate was much hotter and drier than it is in the valley today. The lakes and marsh dried out and the number of animals and people decreased. Today's dry lake beds and alkali soils probably date back to this time. The climate gradually changed again around 4,000 years ago; the temperature cooled and the climate became much like it is today. The semiarid environment limited food and water, and dictated a nomadic lifestyle for the prehistoric people.

[BACK](#)

Pioneers

The first known group of white men to enter this region was the John C. Fremont exploration expedition in 1843. In 1848, Peter Lassen led a wagon train along the Applegate route in Nevada to Goose Lake and then south to the Sacramento Valley, thereby establishing the Lassen Trail. During the California gold rush of 1849, the Lassen Trail was the most frequently traveled route into this state; the Lassen-Applegate trail was designated by Congress in 1993 as a California National Historic Trail.

Long the home of the Paiutes, the valley received the first white settlers as a result of drought in the Sacramento Valley in 1863; some had passed through the valley during the gold rush. Many of Surprise Valley's current residents are fourth and fifth generation families.

Rifle Raffle Fundraiser -

Each year the Surprise Valley Rotary Club raffles off a brand new rifle to some lucky recipient. Ticket sales begin in March and goes all the way up to the big drawing in August. The money from the ticket sales goes towards the Surprise Valley High School Scholarship fund.

Fly-in Breakfast Fundraiser -

This annual event attracts many out-of-towners as well as the entire community of Surprise Valley and surrounding areas. Pilots from all over fly-in to the Cedarville Airport just to enjoy a fantastic breakfast served up by some of the areas best chefs. This huge event is held in July and is one of the biggest annual fundraisers put on by the Surprise Valley Rotary Club. Money raised from this fundraiser goes towards community service projects. Spring BBQ Fundraiser-

The Surprise Valley Rotary Club really goes "all out" with this annual fundraiser. Held in April, this community event raises money to help send Surprise Valley High School FFA students to the National Land Judging Contest in Oklahoma. Believe me, this is the best barbeque this side of the "Rockies!" [\(View Photos\)](#)

Destruction Derby Fundraiser -

The Surprise Valley Rotary Club sponsors the annual Destruction Derby held at the Modoc District Fair raceway. This "crash'em up" event is held during the fair in August. Bring the entire family and enjoy exciting professional-style demo derby while being entertained by professional P.A. announcer Harry Boulade. Money raised from this event goes towards community service projects. [\(View photos\)](#)

Annual Speech Contest -

Each year in March, the Surprise Valley Rotary Club sponsors a student from their local High School in the annual speech contest. That student will first compete in the local competition, and then move up to regional, state and national level as they win. [\(View Photos\)](#)
